STOKES SEEDS TO FOCUS SOLELY ON COMMERCIAL VEGETABLE SEED IN THE USA

(Buffalo, NY) Stokes Seeds® announces increased investment and enhanced support for their key market of commercial vegetable seeds.

“To continue leveraging our significant commercial market growth and recent US expansion, we announce that we are discontinuing the sale of flower seeds and smaller home garden size packages of vegetable seeds in the USA”. Bruce Ulmer, National Sales Manager, Stokes Seeds USA.

“These two markets have been traditionally serviced well by other suppliers and are not part of our long-term vision and growth objectives for the future. From our locations in Holland, MI, Buffalo, NY, Vineland, NJ, Moultrie, GA and Labelle, FL, Stokes Seeds is committed to serving our growers as the most trusted consultants and supplier of seed solutions in the commercial vegetable seed market”. Wayne Gale, President, Stokes Seeds.

Stokes Seeds is a leading distributor of commercial vegetable seed in the USA. Combining seventeen experienced US territory managers, exciting new varieties from world-class vendors and exceptional customer service, Stokes Seeds continues to be the seed supplier of choice for growers across the Northeast, Mid-Atlantic, Mid-West and Southeast regions.
